Survey of Agency Database Needs

Agency Name: ________________________________

Representative: Name_________________________ E-mail________________ Phone __________________

As part of our effort to support your needs for visualizing neighborhood conditions and neighborhood services for Children at Risk for Foster Care Placement, in Alachua County, we are asking for your input to help us determine the variables for inclusion in the database. Please respond to the questions below and email completed form to familydata@health.ufl.edu.

1. What variables that your agency collects are most relevant for helping you plan for services?

2. What variables that your agency collects would be most important for you to see mapped and overlaid with information from other agencies?

3. Can you provide an inventory of your agency’s data that are related to this project, keeping the focus on outcomes, tracking and services?

4. For each agency below, list up to 3 variables that if you had ready access to, would help you better achieve your mission:
   a. Department of Children and Families (DCF)
   b. Partnership for Strong Families (PSF)
   c. Child Abuse Prevention Project (CAPP)
   d. Early Learning Coalition (ELC)
   e. Meridian Behavioral Healthcare (MBH)
   f. School Board of Alachua County (SBAC)
   g. Alachua County Sheriff’s Office (ACSO)
   h. Gainesville Police Department (GPD)

5. Who is the contact person at your agency for data definitions and data documentation?
